

ICT & DIGITAL

Mayo has become a hotbed of tech and digital enterprise in recent years. A location for many tech entrepreneurs attracted by our quality of life and quality of infrastructure, Mayo has become a choice location for starting and growing a digital venture. Mayo also has some larger established operators in the digital and ICT sectors providing data and information services and software. Big data storage, management and analytics, is the next wave of digital enterprise in Mayo owing to the massive investment in fibre including the sub-aqua transatlantic line. Key facilities for incubation, innovation services and business networks are in place to support the sector in Mayo acting as engines for growth and focal points for collaboration and idea sharing.

What our ICT / Digital investors say about Mayo

Lionbridge

Paul McBride VP & GM
Lionbridge Technologies

“ Mayo fosters a start-up culture for business like no other place I've been to... Great outdoor life, vibrant local communities, excellent colleges and support structures meant we were able to scale our business in a short period of time with the skills we needed. ”

MAYO THE RIGHT PLACE TO BASE

Mayo, Irelands 3rd largest county, located on its Western seaboard is a world of opportunity.

Asset rich and diverse in nature benefiting from a wealth of natural resources, direct air, sea and rail freight access and a quality communications infrastructure.

Mayo has an educated and skilled workforce owing to its diverse industrial base. A dynamic and business friendly support environment through the Mayo Enterprise & Investment Unit and its partners. Mayo wants to work with your business, your project or your idea.

STRATEGY

- An Inclusive & Progressive Digital Society
- Nurturing Digital Talent & supporting Tech Enterprise
- Digital Investment & Infrastructure
- Centre for Innovation in the Natural Resources Economy

Digital Mayo is the strategy for the development of the ICT and Digital sectors in Mayo. Driven by the growing and diverse group of tech start-up's and investment from global tech firms in Mayo and the development of key digital infrastructure projects, Mayo's digital ecosystem is set for a bright future.

SPOTLIGHT ON TECHNOLOGY

Mayo now connects US and European Financial markets through the largest subsea fibre optic cable in the world. This technological game changer has placed Mayo at the forefront of the data industry globally.
