The guardians against

Doherty

Vahay &

Cornell

Dear Sir:

In these three cases before proceeding against the men alleged to be the fathers of the illegitimate children it will be necessary in my opinion for each of the women to make an

affidavit (a form of which I enclose in each case) before a Magistrate when that is done the Statute will be complied with & the guardians can then proceed to recover the cost of maintenance of the illegitimate children

Yours faithfully

Dear Sir

Mr Connors has called with reference to an order made by Guardians last Board day for a Person against a man named M Connolly for wilfully neglecting to maintain his wife & directing that I should set a fee of 5/-

I am informed that Depts are in Kilman Petty Sessions District & that

being so the order was a renewal one as I could not trust getting for such a fee it will not do - My year fare to Kilman would cost

5/-  
Yours faithfully
